BRAVE ISLAND BRIDGE REPAIRS COMPLETED

KESHENA, Wis. – Repairs to Brave Island Bridge were successfully completed yesterday afternoon, and all of Lunda Construction's equipment was removed from the site earlier this morning. Accordingly, Menominee County Highway Department re-opened the bridge this afternoon to all forms of vehicle traffic, subject to the permanent bridge posting limit of 45 tons. The Town of Menominee and the Menominee County Highway Department would like to thank the public for their patience while the repairs to the bridge were being performed. The Town of Menominee and Menominee County Highway Department would also like to thank Lunda Construction for its rapid response to this unexpected crisis, as well as the quality and expeditious work it performed.
