LLPOA – PRESIDENT’S LETTER

As you are viewing this fall edition of our Smoke Signals Magazine it means summer has come to an end on our lake. Although we put away our summer toys there is much to look forward to as we start to look towards hard water and the many activities it brings.

I would like to thank everyone who was able to attend our annual meeting and those who stayed for picnic. We welcomed three new board members (Gregg Malmstrom, Jim Skulstad and Randy Roesner) who by this time have been engaged in association business and designated to committees. We also said farewell to three board members, all of which this association owes much gratitude and appreciation for their multiple terms and many years of service. Bob Cluka, Tim Andersen and Dave Santkuyl – Thank You!

I would also like to say thank you to Nancy Andersen who has tendered her resignation as part-time office staff. Tim and Nancy look to spend more time with their grandchildren.

As I mentioned new board members earlier, one cannot ignore their and several other members of the LLPOA board involvement with the Menominee County Taxpayers Association (MCTA). I look to further define the two associations (LLPOA & MCTA) relationship, as there is recognized common goals and significant

synergy in upholding our LLPOA mission statement and the way of life on Legend Lake.

And now the rest of the story... Some of the multitude of other initiatives your association board has been working on.

A newly redesigned and structured website, significant changes have been made already and more to be rolled out in future weeks, please take look at the progress to date at www.legendlake.info

Per the annual meeting there was mention of a Flag Pole/Paver Project of which full detail will be released in your winter edition of Smoke Signals Magazine.

Our beach committee continues to active and has hosted monthly meetings throughout the summer. With much information and input gathered. We hope to continue to address and improve upon

re-occurring issues as seen by our members.

As I am certain there are aspects I have failed to mention and inform you on, as always, please feel free to reach out to me personally, browse our website, or visit our office staff.

VERY IMPORTANT REMINDER...

It is that time of year again. The 2024 dues invoice will be going out at the end of November and the Association dues are payable in January. The yearly dues are due at the same time every year and if you do not get your statement, please call the Lodge office. (715-799-3317)

Just a reminder, it is your responsibility to keep your address current in the office.

If your payment is not received by January 31, you will be assessed a late fee per lot. Not getting the invoice is not an acceptable excuse for not getting your dues in on time.

Keep an eye out for your new statement.

Thank you for your consideration,
Board of Directors

**LEGEND LAKE PROPERTY OWNERS' ASSOCIATION
POSITION DESCRIPTION**

Position Title: Administrative assistant	Department: Office	Posting End Date: Posted until position filled
Classification: Part time-On call	Salary/Wage: \$14.00-\$17.00 Range	Supervisor: Personnel Chair

Position Summary:

This position is responsible for performing limited office duties as assigned by the Personnel chair or other authorized personnel. This is a part-time, On-call position when full time employees are off work or extra help is needed.

Essential Duties and Responsibilities:

The duties identified below are the essential functions of the position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

➤ **General Office Duties**

- Maintain filing system
- Issue permits
- Answer phone and greet visitors
- Minor accounting tasks
- Produce and distribute information/reports to Board members
- Schedule use of the Lodge
- Assist the LLPRD as needed

➤ **Personal Attributes**

- Must maintain confidentiality of all business regarding LLPOA & LLPRD
- Be well organized and neat
- Friendly and professional in all interactions
-

Other Duties and Responsibilities:

- Perform other duties relevant to Association and Lake District business as assigned by the Personnel committee chair or other authorized personnel.

Qualifications:

To perform this position successfully, an individual must demonstrate regular, predictable attendance and be able to perform each essential duty satisfactorily. The requirements listed above are representative of the knowledge and skill required. Interaction with LLPOA members will occur, and the individual is expected to always behave professionally and courteously.

The individual must be able to successfully pass a pre-employment physical and drug check.

Education/Certification/Licensure:

- Valid driver's license.

Experience

- Prior experience preferred.

**LEGEND LAKE PROPERTY OWNERS' ASSOCIATION
POSITION DESCRIPTION**

Knowledge/Skills/Abilities Required:

- **General Office knowledge**
 - Proficient in MS Office Suite-Work, Excel, PowerPoint
 - Proficient in use of various email platforms
 - Possess good communication skills-written and verbal
 - Experience in use of social media platforms
 - Understanding of simple accounting procedures
 - Maintain manual and electronic file systems
 - Knowledge in use of office equipment

Physical Requirements:

- Ability to lift 20 pounds

Working Conditions:

- This position is an indoor office work setting.

Scheduling:

- Weekly hours will vary. Range will be from zero hour per week to 40 hours per week

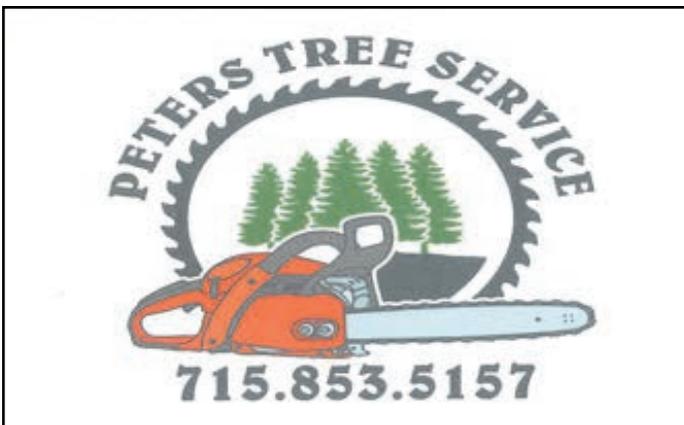

NOTE:

This position description is intended to cover the most significant aspects of the position. There may be additional responsibilities assigned beyond those stated in this position description. The LLPOA reserves the right to modify the role, responsibilities, requirements and position status as compliance regulations or business needs dictate.

In accordance with the Americans with Disabilities Act, it is possible that requirements may be modified to reasonably accommodate disabled individuals. However, no accommodations will be made which may pose serious health or safety risks to the team member or others or which would impose undue hardship on the LLPOA. Position descriptions are not intended as and do not create employment contracts. The LLPOA maintains its status as an at-will employer and employment separations can occur for any reason not prohibited by law.

Applications may be obtained from the following sources:

- In person at the Legend Lake Lodge at N1024 Old South Branch Rd, Keshena
- Calling the Legend Lake Lodge at 715-799-3317
- Send a request via email to LLPOA@legendlake.info

The advertisement for Olson's Rural Electric Inc. has a white background. At the top, the company name "Olson's Rural Electric Inc." is written in a large, bold, red serif font. Below it, the services "Commercial • Residential • Farm Wiring" are listed in a smaller black font. The name "Dick Olson" is prominently displayed in a bold, black serif font. Contact information is provided in two columns: "Cell: 715-853-6622", "Office: 715-823-6882", and "Fax: 715-823-2550" on the left; and "dick@olsonsruralelectric.net", "N2810 Circle Drive", and "Clintonville, WI 54929" on the right. Below the contact info, it says "Automatic Stand-By & PTO Generators". At the bottom, there are two logos: "KOHLER POWER SYSTEMS" in a blue box and "Partnered with: focus on energy" in a red box with a circular logo and the tagline "The power is within you."

COMPOST SITE 2023

Location: On Silver Canoe Road, off Highway VV east

Dates and Times: Saturday, April 15, 2023 – FIRST DAY OPEN FOR THE SEASON

April and May – Saturday's – 9:00 a.m. to 4:00 p.m.
Wednesday's – 10:00 a.m. to 4:00 p.m.

June thru September – Saturday's – 10 a.m. to 2:00 p.m.
Wednesday's – CLOSED

October and November – Saturday's – 9:00 a.m. to 4:00 p.m.
Wednesday's – 10:00 a.m. to 4:00 p.m.

Saturday, November 11, 2023 – LAST DAY OPEN FOR THE SEASON

Prerequisites: Must be an Association member in good standing.
\$45.00 per calendar year fee

Materials Not Allowed: Stumps
Construction materials
Treated wood
Garbage, paper, cans, etc.

Change:

For your convenience you may submit your compost site payment with your Annual dues payment. Just **mail the completed form** below. You will be issued a new Compost tag for 2023. Once your compost site payment has been received, your Compost tag for 2023 will be mailed to you prior to the site opening.

*In order to maintain equity in the distribution of recyclable materials, hauling & loading will be limited to **HAND TOOLS ONLY!!!***

*Attention: Compost Site Manager has the option to vary the schedule due to weather conditions. Call the Lodge for verification if weather conditions are questionable. 715/799-3317

Dumping leaves and/or brush in the forested areas and outlots of Legend Lake is prohibited by both State and County laws. To avoid penalties of this kind, use the Compost Site operated by the Association for the convenience of its members.

Leaves must be emptied from plastic bags and the bags taken with you. Do not place branches in the leaves. The attendant on duty will determine the acceptance or rejection of any materials in question.

Brush brought to the site is chipped and is available to members in good standing. Since the chips and compost (black dirt) are quite popular, we request that you take only what you will use on your property at Legend Lake. Quantities may be limited, at discretion of the Compost manager.

Grass clippings must be spread out – not left in clumps or piles. Separate pine from hardwoods and place in appropriate piles. Brush over 4" is to be placed in the camp fire wood pile.

---Very Important Reminders---

The LLPOA compost was originally established as a convenience and source of recycled materials to LLPOA members. Its use has grown over the years, and more and more members have been taking advantage of the site. Occasionally, we have to remind our members of simple guidelines:

1. Materials must be divided into categories and separated into those categories in order to provide the most effective and efficient use of the site.

2. Materials such as leaves, grass, sea weed and such are set aside so as to provide a source of recycled materials such as mulch, fertilizer and top soil.
3. Wood and branches are divided into hardwood and softwood piles so as to be chipped according the grade and hardness of the wood. As such, individuals depositing branches need to unload the branches in one of the two category piles: hardwood such as oak and softwood such as pine.
4. Only live, fresh, woody materials are capable of being chipped. Dead and dry woody materials need to be loaded into the burn area (large burn pit) where they will be burnt during the wet, snowy season under the supervision of an attendant and the DNR.
5. Wet and rotted materials and tree stumps cannot be included due to the slow burn rates and the tendency to simmer rather than burn. Please do not bring such materials to the compost site or you may be asked to leave.
6. The chipper is limited as to the diameter of the wood/branches that can be chipped. That diameter cannot exceed 4 inches. Any branches, trunks or wood materials exceeding the 4 inch diameter need be sawn before arriving at the site and upon arrival, deposited on the firewood pile.
7. Finally, please remember that the area is a COMPOST SITE established for the recycling of recyclable materials, not a dumping area for unwanted goods such as construction materials and garbage.

Your consideration in this matter is appreciated. Any questions, please feel free to contact Lodge office – 715-799-3317

***In order to maintain equity in the distribution of recyclable materials, hauling & loading will be limited to
HAND TOOLS ONLY!!!***

ADMINISTRATIVE REPORT

Just a reminder, the 2024 Annual Dues letter will be going out in November and the 2024 fees are due January 31, 2024.

Please remember to let the office know when you change your address either permanently or just for the winter. It costs the Association money to get the changes from the Post Office.

With Fall here, members will start raking & burning their leaves. You need a burning permit to burn leaves, and you have to check on a daily basis if you can burn in Menominee County at the DNR's website dnr.wi.gov/forestry/fire or call 1/888-947-2876, County code #40.

The office will be closed November 23 & 24, 2023 for Thanksgiving. Christmas Holidays the office will be closed December 25, 26, 27, 28, 29, 2023 & January 1, 2024.

Order before December 1st, if you need any special clothing for your Christmas shopping!

Have an enjoyable fall & holiday season!!!

9 a.m. to 2 p.m.**

*Lunch will be served ---
See you there!*

FROM THOMAS STREBEL:

I was asked by a member to give an update in the Smoke Signals on my cancer odyssey. The tumor has been removed, and they feel they got it all. The doctors keep poking, prodding, and probing me to make sure that it has not spread or will not return. So far there is no sign of cancer, but they have not stopped looking. I believe I have years of this probing to go. I have been trying to make all my appointments so that the Lodge will not have to close, but every now and again I have no other options. I am trying to keep it down to a minimum, but the doctor's make it hard to do this sometimes.

I want to thank Lisa and Nancy for covering my hours the best that they can. I also thank the Board, especially Shelley Williams, for working with me so I could get the surgery done and time off needed. I want to thank Dave Walton and Vinnie Emanuele for all they have done for me, especially Dave with all his running, toting, and help that he has done to for me. I don't know what I would have done without him. Finally, I want to thank everyone for all their thoughts and prayers.

Thank you,
Thomas

ShoreMaster Wood Grain Aluminum Decking

Beauty, Elegance, and Maintenance Free

**We Sell,
Install
& Remove
ANYWHERE!**

ShoreMaster's Wood Grain Aluminum Decking has been powder-coated, so it looks like real wood but is made out of aluminum. So there is no upkeep or maintenance like you would have with real wood panels. And because it is made out of aluminum, ShoreMaster's Wood Grain Aluminum panels will not rust or corrode. They are extremely lightweight and can withstand the heaviest of foot traffic.

Go ahead, take a test walk on the ShoreMaster Wood Grain Aluminum Decking today!

ShoreMaster ShorePort PWC Lift

The ShorePort is the most effective way to dry-dock your personal watercraft. It's one-piece, simple design makes it tough enough to withstand constant abuse. The ShorePort uses a three-roller system to get your PWC up and out of the elements with a simple flick of the throttle.

CHAIRMAN'S REPORT

August 2023

Hello Lake District Members,

WOW! Where has the summer gone? As I sit down to write this letter in the second half of August, I'm seeing a few tree leaves starting to fall and/or turn color. Time is going too fast for me these days. In mid to late September the Lake water temperatures will start the process of turning over. I found an article titled, **COOL FACTS about LAKE TEMPS by Jordyn Kurer** a UW-Stevens Point Graduate in the Lake Tides quarterly publication. This article explains in simple detail how the water temperatures are coldest in the deep water in the Summer and coldest temps in Winter are found on the top of the Lake. I'm including this article again this year as how the lake temperatures turn over as a reminder for everyone and for our new lake members this year. The article is attached to this letter for you to read.

This year we treated 46.6 acres of EWM/HWM with an herbicide called ProcellaCOR in the dense and moderately dense areas. Most of these areas were in channels which was impeding navigation. This treatment is the smallest treatment in many years in our fight to contain EWM/HWM. The results were very good and allowed the native plants to grow and become more prolific.

In addition to the treatment the Lake District crew has been out harvesting EWM/HWM and aquatic plants in heavy navigational areas of our Lake System. All three machines are actively being used and working well. They are also looking for Eurasian/Hybrid Watermilfoil (EWM/HWM) growth and are concentrating on the Dense and Moderately Dense areas for harvesting. Since it is late August, we will only have four or five weeks of harvesting left before the machines will be pulled out of the lake, cleaned thoroughly, and maintained for Winter storage. Their work doesn't stop there since they will be pulling buoys and docks from the Lake which need to be cleaned and maintained as well. The Lake District crew does a great job keeping our Lake System clean and open for all water activities.

We are seeing less milfoil this year and a comeback of more Native Aquatic Plants which is great for our Lake System. I hope this trend

continues for a while. We will be checking for any increases in Curly Leaf Pondweed growth in the Spring 2024 when the ice goes out. Otherwise, the Board is very pleased with the containment of AIS species in our lake system. Our new aquatic ecologist, Onterra LLC, will be completing a summer survey for EWM/HWM in late August or early September. The Board will be reviewing the survey data and maps for possible spot treatments next year focusing on the Moderately Dense and Dense areas again as we have the past couple of years.

Lisa Wilson our Dam Inspector has been actively checking the Dams monthly and has reported that they are in good shape. The water level is below the normal level for this time of the year. She reports any issues for cleaning and maintenance to Arland/Steve or his crew for the work to be completed.

We had a successful Boater's Safety Class led by Sue Thoma and many volunteers this year in June. The 34 kids were eager to learn about the rules and regulations of the State of Wisconsin and our Legend Lake. It was nice to see all the smiles on their faces as they participated in the water activities day with the different water vessels and activities.

In mid-August we had a Lake Faire led by Kristin Allen and Karen Dillenburg on a beautiful summer day with a slight breeze. We had the fish tank with Sturgeon, Northern, Panfish and a turtle in it. Ryan Wehse from the Environmental Services Department of the Tribe was on hand to answer questions regarding the fish. There were many activities for the kids with prizes for everyone. A Petting Zoo of animals was available for viewing and petting which was monitored by the 4-H group from Shawano. Educational materials were on hand for identifying Aquatic Invasive Plant Species with actual samples and Clean Boat Clean Water information. The Sheriff's Department K-9 unit were on hand to answer any questions regarding Boat Patrol, our community etc. Deputy Ruger was there for viewing and gave us a demonstration how he helps track down people and help his fellow officers. The War Bonnet provided food, drinks and there were many other vendors explaining and displaying their wares. I believe everyone enjoyed themselves.

The Fishing Committee has been active this

CHAIRMAN'S REPORT

year. We our having another meeting in late August to tour the Walleye rearing ponds with Ryan Wehse the Tribe Fisheries Biologist giving us the tour. The committee is planning on Walleye stocking again this year. Musky stocking is also being planned if the DNR can get the Great Lakes Spotted Strain of Muskies. More updates will follow in the next Smoke Signals edition.

The Responsible Safe Boating committee has been actively coming up with new ways to communicate Boating Responsibly on Legend Lake. Through education and communication, they are promoting the protection of our Shorelines and each other as we use various vessels, PWC's and other water recreational items. You'll find information regarding safe boating practices, lake etiquette and behaviors that protect our shoreline is available in a variety of locations: At boat launches, Legend Lake website, Announcements in the Smoke Signals and Legend Lake Community Facebook page. The RBC committee also had several videos made displaying boating rules and safety practices that all boat operators should follow. Three of them were shown at the Lake District annual meeting this year. Kristin Allen is doing a great job heading up this committee and continues to look for more ways and ideas to promote boating safety and protect our shorelines. If you have any ideas, please feel free to call her or the Lodge office with your ideas.

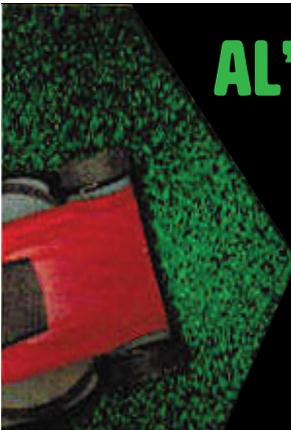

The Lake District Board has been asked to remind Lake District Members again this year about unpermitted Buoys. Clark Delzer-Conservation Warden-Bureau of Law Enforcement, Wisconsin Department of Natural resources while on patrol on Legend

Lake recently, observed properties that have permanent buoys placed in front of their properties. He assumed the buoys were placed to deter boat traffic from operating faster than slow-no-wake within 200' of their shoreline. He also observed some makeshift "swim areas" that some residents have marked with permanent buoys. While he understands their motives, it is not legal to place permanent structures in a lake without a permit. The Lake District has been asked to pass this information unto Lake Members and ask them to remove the unpermitted buoys. So, if you our one of these waterfront properties please remove your unpermitted buoys. Thank-you for removing them.

It's always a time of sadness for me having to pull everything out of the Lake and put it away for the Winter. That's the reality of the water turning over on Legend Lake.

Be Well, Be Safe!

Tom Ittner, Chairman Lake District

June 2023 Boater Safety Class Update

Congratulations Class of 2023

Legend Lake's DNR Boater Safety class was held in June. The class was taught by our very own Legend Lake community members who are DNR certified and volunteered their time.

Thirty-four students learned boating laws and safe boating practices through classroom instruction and hands-on experience.

Thank you to everyone who volunteered. This great event would not be possible without you!

Taking Care of Our Lake ♦ Taking Care of Each Other

OFFICE OF THE SHERIFF

Menominee County, Wisconsin

W3269 Courthouse Lane
P.O. Box 190
Keshena, WI 54135-0190

Phone: 715-799-3357
Fax: 715-799-3595

Sheriff Rebecca Smith

Chief Deputy David Kristof

Dear Property Owners,

Fall 2023

The summer is almost over and fall begins soon. We hope everyone enjoyed their summer on Legend Lake and continue enjoy themselves going into the fall season.

Patrol-

There continues to be suspicious activities reported around the lakes and wooded areas. We ask if you observe suspicious activity, report it to the Dispatch Center at 715-799-3881 or 911 for emergencies. Due to the increase of suspicious activities around the lake, security check patrols have increased. So far this year, deputies have performed 540 security checks which includes all shifts of the Sheriff's Office.

Our agency continues to have extra patrols for speed/ highway safety issues in several areas of the county. The Menominee County Sheriff's Office often participates in highway safety initiatives throughout the year such as Drive Sober and Click It or Ticket campaigns.

The Sheriff's Office continues to participate in monthly activities with Youth Services to help enhance our relationships with the area youth. Throughout the summer, law enforcement, EMS and Fire participate in monthly events which included a Softball game night, Kickball game night, and Teen night. Youth Services will continue to host events throughout the year.

Boat patrol- The Sheriff's Office hired one boat patrol deputy for the summer. In August, the deputy was hired as a full-time patrol deputy. For the remainder of the season, deputies may cover boat patrol on overtime.

There has been much confusion on jurisdiction on Legend Lake with alleged violations. The Menominee County Sheriff's Office does not have jurisdiction to cite or arrest tribal members of a federally recognized US tribe. If there are violations on the lake, please call the Dispatch Center at 715-799-3881 to report violations. A deputy or tribal conservation warden will address violations. There are laws for boating with tribal members. To get familiar with the laws, visit the Menominee Indian Tribe of Wisconsin website and view the E-Codes under the government portion of the website.

New/ Outgoing Personnel-

We would like to welcome Jeff Krause to the Menominee County Sheriff's Office. Deputy Krause started with our agency in June, 2023. Deputy Krause has prior law enforcement experience with the Menominee Tribal Police Department.

We would like to also welcome James Watson to our team. Deputy Watson is a fresh recruit from NWTC. Deputy Watson started with our agency as a boat patrol deputy and was promoted to full-time patrol deputy in late July, 2023.

Deputy Joseph Faucett resigned from our agency in August, 2023. We wish Deputy Faucett well with his future in law enforcement in Marinette County.

MESO currently has an opening for one full-time position in the dispatch center.

Reminders:

*If you have not registered your alarm, please do so immediately. The forms may be found on the Menominee County website under the Sheriff's Office. The alarm fee is annually.

*The Sheriff's Office is open from 8:00am- 4:30pm, Monday through Friday. In case of an **emergency**, please dial **911**. For **non-emergency** calls, please call our County Dispatch center at **715-799-3881**. Please remember my office doors are always open for question or comments regarding our agency. I may also be reached by email at rsmith1201@co.menominee.wi.us

Respectfully,

Sheriff Rebecca Smith

8/10/2023

Menominee County Landowners,

My name is Alex Forster, I am the new Land Conservation/Forestry/Zoning (CFZ) Assistant-Technician and Aquatic Invasive Species (AIS) Coordinator for Menominee County. I've had the pleasure of getting to meet some of you as I've gone along with Jeremy over the summer doing oak injections, site evaluations, zoning checks, and other various field work. You may also recognize me as I was a field technician for Timberland Invasive Partnership (TIP) last year working out of the same office. I'm elated to be a permanent part of this department, meeting you, and getting to take part in the work that is being done through our department!

Part of my job as the AIS Coordinator for Menominee County is to help educate the public on aquatic invasive species that are in our county or may be a future threat to our area. **Purple Loosestrife** (*Lythrum salicaria*) is a wetland invasive plant with showy purple flowers that is native to Europe and Asia. Contaminated cargo ships along with deliberate importation of seeds caused the introduction of the species to the United States back in 1869. Although the beautiful purple flower spikes look harmless, this plant causes a devastating effect on our native biodiversity. This plant forms thick mats of roots that can spread over large areas degrading habitat for our native flora and fauna. How can you help? Learn how to identify purple loosestrife and other invasive species. Purple loosestrife can be identified by their square woody stems with opposite lance-shaped leaves. This time of year, they are in flower so be on the lookout for the long flower spikes with purple flowers. If you come across a small amount on your property it can be dug up or cutting the flower stalks before they go to seed can help ensure no further new plant growth. Make sure to bag up any plants you remove and dispose of them in the garbage. **DO NOT** compost or discard them in natural areas! Contact me to report purple loosestrife or for help identifying it.

Curly-leaf Pondweed (*Potamogeton crispus*) is another aquatic invasive that you may have seen within our lakes. This aquatic species forms extensive mats that impact recreation activities within bodies of water. Plants are submersed with alternate leaves that almost resemble lasagna noodles, they are wavy and have a very distinct serrated edge. Mechanical or hand harvesting can be done to help remove plant biomass. Thankfully our lake associations do a fantastic job of slowing and stopping the spread of this invasive in our beautiful lakes! You can also stop the spread of curly-leaf pondweed by inspecting your watercraft and removing aquatic plants and animals.

One last thing I also would like to mention is that oak cutting season is right around the corner. April 1st through October 1st you are prohibited from cutting, pruning or wounding oaks anywhere in the town/county with very few exceptions that require a permit. Please be aware no matter the reason you should stop by and fill out a permit, in some cases we may need to make a site visit for permit issuance. However, starting Oct. 2nd you can cut oaks without a permit. Keep in mind cutting of trees within 35 feet of any surface water has restrictions by shoreland zoning year-round. Oak cutting any time of year near a lake or river may not be allowed if the trees are not within your access corridor.

I hope you enjoy the rest of the season!

Alex Forster CFZ Assistant/Technician, AIS Coordinator

P.O. Box 279

Keshena, WI 54135

Phone: 715-799-5845 Fax: 715-799-1322

Just a reminder to property owners it would be much appreciated for those who live on waterfront properties, to purchase and post their fire number sign and place it in view from the water. This helps when the sheriff's deputies are out on boat patrol. Also, for those who own camping lots, it would benefit you to purchase a fire number for your property if ever there is an emergency. This is not mandatory, although when our local emergency officials are trying to assist you it makes response time quicker for all involved.

Those interested in ordering their fire number can contact the Menominee County Land Information Office located at the Menominee County Courthouse, or call 715-799-5845. The current price of a fire number sign with post and hardware is \$30.00.

MENOMINEE COUNTY FIRE NUMBER SIGN APPLICATION

~Sign, Post & Hardware Fee = \$30.00~

Submit completed form to:

Menominee County Land Information Office
PO Box 279
W3269 Courthouse Lane
Keshena, WI 54135
Phone: 715-799-5845

***The \$30.00 fee must be paid before the sign will be ordered.

***Please make check payable to Menominee County or you can pay by credit card on the County website.

Date: _____

Property Owner Name(s): _____

Telephone number to be reached when the sign comes in: _____

Location of property - Lot #(s) & Addition name: _____

Fire Number: _____ Number of signs ordered: _____

Will this be used as your primary mailing address? Yes No

Total amount due: \$ _____

Applicant Signature: _____

LLPOA OWNED PROPERTY

Following is the current list of Association owned properties that are for sale. Sealed bid process with the minimum starting bid listed:

<u>LOT #</u>	<u>MINIMUM</u> <u>\$</u>	<u>LOT #</u>	<u>MINIMUM</u> <u>\$</u>
60 Big Sky	\$10,000	50 Straight Arrow	\$12,000
30 Wood Duck	\$8,000		

Please submit any sealed bids prior to the Board of Directors meeting. The deadline for bids will be Friday, October 13, 2023. The Board of Directors meeting will be on October 13, 2023 at 3 p.m.

**The Board of Directors has the final decision for any and all land sales.
All lots will transfer with the “Right of First Refusal” for all future sales.**

The Buyer assumes all responsibility of locating exact location of lot property lines. (Maps & metal detector available with certain restrictions).

Thank You

Bishop's Goutweed Around Legend Lake

Greetings Legend Lake Residents:

As the weather cools and trees begin to change, Timberland Invasives Partnership's (TIP) efforts to control invasive species will continue in the Legend Lake area. TIP works hard to prevent and control the spread of invasive species and you can also help prevent the spread. Please DO NOT throw leaves, roots, or yard debris into ditches or woods. Dumping yard debris is a common pathway for invasive species to spread.

One invasive plant that we have seen spreading from dumping yard debris is bishop's goutweed. Bishop's goutweed (*Aegopodium podagraria*), also known as snow-on-the-mountain, is a perennial, ornamental plant often used as groundcover. Bishop's goutweed is shade-tolerant and moisture loving, making forested environments the perfect habitat for spread. The ovate leaves are divided into groups of three and are solid or variegated in color. White, flat umbels of flowers form in late spring. Bishop's goutweed aggressively invades forests and ditches. As it spreads through rhizomes, it forms dense patches that outcompete native vegetation. Even small fragments of the plant can resprout and form new populations.

Top: Bishop's goutweed (variegated leaves)

Bottom: Bishop's goutweed-non-variegated leaves and flowers

If you think you have seen bishop's goutweed, let TIP know. Continue to prevent the spread of invasive species by properly disposing of leaves, roots, and yard debris. If you have questions regarding invasive species or proper disposal, please contact TIP at the information below.

Have a wonderful fall,

Abby Vogt

SERVICE AREAS: SHAWANO LAKE & LEGEND LAKE

Legend Lake Channel Cruisers' Snowmobile Club (LLCK)

“To provide a safe trail for everyone from Legend Lake to the surrounding county trails”

<http://www.legendlakesnowmobileclub.com>

What a year! We can only hope that 2023 brings us health and happiness and socialization. Perfect time to join the club if you haven't already done so. Last year snow conditions were a bit sketchy, let's hope for better conditions this year.

What is our club all about? The LLCK is a nonprofit snowmobile club that does not receive any state or local funding for our trail signage, construction or grooming. Our club membership is OPEN TO EVERYONE, not just Legend Lake Property Owners.

We currently have close to 100 families that are LLCK members. Please encourage everyone you know to join the club. I hope that everyone who uses our trail system becomes a club member, supports our sponsors and joins our social activities.

How much does the LLCK membership cost me?
\$40 per family

Wait- there is more!

What does the LLCK membership dues provide me?

- If you are not a club member, a Wisconsin trail pass will cost you \$30 per sled.
- Being a LLCK club member reduces the cost of the Wisconsin trail pass from \$30 to \$10 per sled.
- Membership to The Association of Wisconsin Snowmobile Clubs (AWSC) which includes six issues of the Wisconsin Snowmobile News (WSN) magazine.
- Perfectly groomed trails right off of Legend Lake.

How do I become a member of the LLCK? Snowmobile Club Membership forms are available on our web site at <http://www.legendlakesnowmobileclub.com> and can also be found at the Legend Lake Lodge. I've included a copy of the form at the

end of this article to make it even easier. The form includes instructions on where to mail your check and Snowmobile Club Interest Form.

Any LLCK membership application form or renewal received after December 20th will not be registered with the AWSC until after the Annual LLCK Election meeting held in October of each year. The membership registration will be sent into the AWSC monthly starting in October and ending the end of December.

Once I become a member of the LLCK and the AWSC, how do I get my trail pass for \$10 per sled? If you are currently a AWSC member, you can locate your AWSC membership number on the PRINTED address label on the cover of the WSN magazine, OR you can contact AWSC at 800-232-4108 OR you can go directly to their website at awsc@awsc.org. You may also call the WI DNR 7 days a week at 7am -10pm at 888-936-7463 for additional information. Call AWSE if you have not received the AWSC magazine.

PLEASE NOTE! A regular trail pass can be purchased at Wal-Mart, Fleet Farm, DNR Offices or Outlets selling hunting and fishing licenses for \$30 per sled if you are not a member of a snowmobile club and AWSC.

Plan to pay up to \$250 if you are stopped by the DNR or sheriff while riding without Wisconsin trail pass.

Starting fall 2020, the state will not mail your trail pass until they have received your AWSC dues. The state will need documentation on file that you have paid your dues in full before they will send you your trail pass.

TRAIL NEWS

Good news for LLCK! The state is funding Cecil Snowmobile Club for 5.9 miles of trails along Hwy R, Cty VV and Cty HH. We no longer have to pay grooming costs for the 5.9 miles mentioned above.

Casino Trail: Thank you, Dan Hedrich, for continuing to support the LLCK and maintaining a strong relationship with local snowmobile clubs and the Menominee Tribal Legislature.

This trail allows you to take a short ride (1.5 miles) from Legend Lake to the Casino and Fuel Station. The trail leaves Legend Lake at the boat landing by the Legend Lake Lodge. Go down South Branch Pathway to Hwy VV. Cross over Hwy VV and go up LaMotte Family

Road. The trail will go East down the old road bed until it gets to Go-Around Road. Continue to follow the marked trail all of way to the Menominee Casino. Follow the signs to the Menominee Fuel Station. The trail then crosses at the corner of Go-Around Rd and Hwy 47/55. You can park between the Casino Building and Hwy 47/55.

Please make an effort to visit the Casino. It is very important to show them you appreciate that they have allowed us to use their land. Even if you do not gamble, make a trip to the Casino for some food and beverages!

You can access the Shawano trail from the lodge or casino by following the signs along Go-Around Rd. The addition of the casino trail from Legend Lake provides a 30 to 40 miles loop from one end of Legend Lake and back to the other end via the Shawano County trails. This trail goes through a beautiful wooded area of Shawano and Menominee County. Well worth the trip.

Our trail from Legend Lake to Shawano Lake along Hwy HH is open all season to ride. You can still take a 20 to 30 mile ride even when the Shawano trails are closed. Don't forget to visit our sponsors around Shawano Lake. There are two access points to get on Shawano Lake. One is by taking the Fire Lane access off East Street to Washington Lake then crossing to Shawano Lake and the Other access is by going all the way Down East Street.

Be careful if you go to Shawano Lake! Stay off the channel that goes between Shawano Lake and Washington Lake. It never freezes. You can pick up a Shawano County trail map which includes Legends Lake at most local taverns for more information. Keep in mind that all lakes are never 100% safe. Ride with caution!

Trail Grooming. You can go to our Web Site <http://www.legendlakesnowmobileclub.com> to find out trail conditions and to link up to other great trail report web sites. Don't forget to thank our groomers for doing a great job.

Thank you to all who volunteered to help brush the trails after the annual meeting in October and then again after the heavy wet snows fell. Mark Stuyvenberg and Todd Lavey worked hard to keep the trails open – THANKS!!

There was a trail that went directly from lodge to the

War Bonnet last year. Jeff Dixon and Todd Lavey put that trail in and Jeff maintained it. We will talk with the War Bonnet owner and see if they want to maintain that trail again this year. If they do, they will be responsible for the maintenance of that trail as it is not a designated LLCK Trail. Go to the LLCK website for update.

Fun sledding pics. Please post your sledding pics on the LLCK Face book page or send them to Chris Dyer our web master at cdyer@morgandata.com. Our Face Book Page can be used to communicate with other members for trail rides and other information. Thank you Chris for maintaining our awesome website!

Interested in purchasing LLCK Apparel?

Go to <https://legendlake.qbstores.com/> to place an order or go to the Legend Lake Lodge to purchase in person. We have a large assortment to choose from. Happy Shopping.

Transition of Officers:

I would like to formerly thank our officers and members that have volunteered to help support the LLCK. The time they spent keeping our trails safe and supporting the club is always greatly appreciated.

The following LLCK officer's term has come to an end. Please thank them for volunteering their time to support the LLCK.

Kristin "Tin" Allen, President
Rick Smits, Vice President

We would like to **Welcome** the New LLCK officers for 2021.

Steve VandenHeuvel, President
Kristin Larson, Vice President

The following officers will continue in their current position.

Heather Dyer, Treasurer
Judy Patz, Secretary
Mark Stuyvenberg, Trail Boss
Rick Moses, Community Relations
Jeremy Johnson, Naturalist/Gov Relations
Dan Hedrich, Fund Raising/ Social Committee

Thanks so much for being part of such a great group of people that are striving to make the community better!

Steve VandenHeuvel, President

LEGEND LAKE CHANNEL KRUISERS

VISION: *To provide everyone a safe and enjoyable trail from Legend Lake to the surrounding county trails.*

Snowmobile Club Interest Form: Annual membership fee of \$40.00 approved for 2020-2021 season

Additional donation for trail grooming:

\$ _____ \$20 _____ \$30 _____ \$40 _____ \$50 _____

I am unable to pay dues at this time, but would like to be on the LLCK mailing list.

Have you been a member of the AWSC in the last three years: _____

Please complete and mail to the following address along with a payment of \$40.00:

Checks payable to: **Legend Lake Channel Kruisers**

Payment and form can also be dropped off at the Legend Lake Lodge as we have our own mailbox there.

Pest & Odor Control

Insect Control - Interior and/or Exterior Insect Control, Maintenance Services, or services detailed to meet your needs

Rodent Control - We can evaluate your situation and determine which corrective measures best suit your needs, and we offer structured rodent control programs.

Rodent Proofing - Rodent proofing is available to clients where it is more feasible to perform structural repairs as opposed to performing an ongoing control program.

Bat Proofing - Thorough inspection and evaluation to locate entrance points and correct the problem thru exclusion.

Odor Control - We offer various corrective measures for offensive odors.

Wildlife Control - Trapping and relocation of nuisance animals.

Menominee County Emergency Management

W3269 Courthouse Lane
P.O. Box 279
Keshena, WI 54135
Phone: 715-799-5074 Cell: 715-853-5074
Email: aberkhahn@co.menominee.wi.us

Greetings Legend Lake Property Owners,

Fall 2023

My name is Alexandria “Alex” Berkhahn and I was hired as the County Emergency Management Director in June. I took over for Shelley Williams who was Interim Emergency Management Director when Liz Buettner left in February.

I graduated in 2021 from UW- Green Bay with a bachelor’s degree in Organizational Leadership with an emphasis in Emergency Management, as well as a certificate from UW- Green Bay in Emergency Management, Planning and Administration. I currently reside in the Bonduel area in Shawano County, about 30 minutes from Keshena.

The desire to be part of a commitment to the resiliency, preparedness, and protection of this community is a fundamental part of this profession and I am here to help members of the community. You can also get involved and help with the community’s emergency preparedness in many ways. Together we can build a strong community by getting involved and helping the community better prepare for, respond to, and recover from the next disaster.

Fall Safety Check List

- Change batteries in all smoke detectors
- Change batteries in carbon monoxide monitors
- Check vents for any debris
- Check fireplaces for any debris
- Winterize outdoor faucets
- Check trees for any broken or dead limbs
- Double check gutters for debris
- Check furnace filters

With that being said, Autumn is quickly approaching. Autumn signals the return to cooler temperatures, more time outdoors, and preparations. Now is the time to make sure your home and family are ready for the upcoming holidays and winter weather both indoors and out. Here are some safety checklist items to help better prepare your home for the upcoming season.

For those of you living in Menominee County year-round, there is an information hot-line that you can call to get information regarding power outages, County/Tribal closings, and shelter information. That number is 715-799-7000.

Also, please sign up for the Nixle emergency alert system to receive year-round emergency messages relating to Public Safety. The link to sign up can be found on the Menominee County website or you can text your zip code to 888777. Please use a Menominee County address to sign up.

In the event of an emergency that requires calling 911, please remember to give the dispatcher the address of the emergency, the nature and details of the emergency, as well as your name and phone number. An emergency is anything that is life threatening, or “in progress”.

If you need Public Safety assistance, and it is not an emergency, please call the non-emergency dispatch number 715-799-3881.

Hope you all have a happy and safe fall season!

Sincerely,

Alex Berkhahn
Menominee County Emergency Management
Director

WE CAN'T WAIT TO MEET YOU

Lakes Gas is excited to now be serving your area!

WHY LAKES GAS?

Family-owned for over 60 years, Lakes Gas is among the largest propane providers in the Midwest. But don't let our size fool you: at each of our 50 locations, we operate with a small-town, local feel and make it a priority to pay personal attention to you. With decades of experience, we're better positioned than anyone to deliver what you need.

THE LAKES GAS DIFFERENCE

As part of the Lakes Gas family, you'll get a company that is:

- ▶ Flexible with supply
- ▶ Priced fairly
- ▶ Family owned and operated
- ▶ Motivated and inspired by your comfort
- ▶ Proud to deliver a personalized experience
- ▶ Focused on your safety
- ▶ An active supporter of your community

Come visit us at our **NEW** location in **Shawano!**

7563 Strauss Rd
Shawano, WI 54166
